

Inline Hockey New Zealand Matariki Series Event Notice 2023

Background

The Matariki series concept was born from the need to address the widening gap around keeping rangatahi engaged within inline hockey and to build and develop leadership pathways through the incorporation of Kaupapa Maori leadership principles and those that represent Matariki.

The Matariki series provides the space for the participants and whanau to:

- acknowledge the history of our sport and those who have contributed to its success,
- value the present by representing their whakapapa and committing to lead inline hockey both on and off the rink,
- to nurture and protect inline hockey by fostering and mentoring the next generation of leaders within our sport.

Matariki is built around the five pillars of Maori leadership:

Rangatiratanga

Leadership

Kaitiakitanga

Guardianship/Humility

Whakaiti

Building relationships

Whanaungatanga

Nurturing relationships

Manaakitanga

Accountability

Purpose:

The Matariki series is designed to:

- Provide a space for Te Ao Maori to be recognised and celebrated in inline hockey, and

The Rangatira players will form the leadership groups within these teams and be responsible for nurturing and supporting our Rangatahi during the event.

An exhibition game will be played by teams made up of our Rangatira players on Saturday, 15 July 2023.

5. Exhibition Game: Team Bauer / Team Mission

The exhibition game for 2023 will consist of a game between Team Bauer and Team Mission.

This is a nod to a part of our history that saw elite inline hockey players given the opportunity to be rewarded and supported for their efforts and contributions to inline hockey through the Team Mission initiative. This was introduced by Darren Blong and Centre Ice in the late 1990's who has had a longstanding connection within both ice and inline hockey throughout the years.

Team Mission used to visit clubs around the country and run training sessions and play exhibition games for the inline hockey community as a way to give back to inline hockey. Whilst it hasn't been a part of the inline hockey landscape for quite some time, the purpose of it fits with what our Matariki Series imbues and it is great to be able to share with everyone this aspect of our history and continue to help build resilience within our sport.
